

# LIGHTING DESIGN & TECHNOLOGY EXPO

## 2025 TOPLINE REPORT

9 - 11 SEPTEMBER 2025  
RIYADH FRONT EXHIBITION & CONFERENCE CENTER

### THE KINGDOM'S DEDICATED PLATFORM FOR THE LIGHTING INDUSTRY

The 2025 edition of the Lighting Design & Technology Expo delivered strong growth and engagement, recording a 23% increase in visitors compared to 2024. This momentum reaffirms the show's vital role as the Kingdom's only dedicated platform for the lighting sector.

Over three days, the event enabled global solution providers to showcase cutting-edge technologies and innovative products directly to Saudi Arabia's rapidly expanding buyer base. Exhibitors connected with industry decision-makers, secured valuable leads, and gained visibility across live and upcoming projects.

Co-located with INDEX Saudi Arabia, the show benefitted from the Kingdom's largest interior design and fit-out event, creating a dynamic marketplace that brought together thousands of relevant professionals in one vibrant setting.

I had the opportunity to connect with many creative minds from across our industry. It was a great reminder of the passion for light and lighting design that drive our field forward. Grateful for these moments and the people who make this journey meaningful.

**Malak Adel**  
Managing Director  
The Lighting Institute - 2025 Visitor

## VISITORS' PRODUCT OF INTEREST

## EVENT FEATURES

### TREND TOURS

Trend Tours offered a focused, guided way to explore Lighting Design & Technology Expo and the co-located INDEX Saudi Arabia – connecting visitors with the products shaping the future of lighting and design. Each curated tour highlighted key themes, from sustainability and innovation to regional craftsmanship and lighting, giving them direct access to the latest ideas and materials on the show floor.

#### Lighting Trail

Focused on lighting exhibitors, this tour offered inspiration and education, highlighting innovative lighting design and immersive experiences.

### SPOTLIGHT ON LIGHTING AT INDEX DESIGN TALKS\*

\*Conference held at the co-located INDEX Saudi Arabia

Lighting design shaped some of the most inspiring discussions at this year's INDEX Design Talks – exploring how illumination drives emotion, sustainability, and urban identity across Saudi Arabia's evolving built environment.

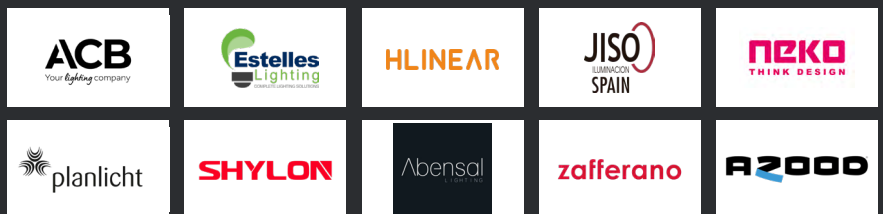

#### Key Conversations

- Lighting Narratives – Emotional Storytelling Through Light in Interiors
- Mega Moments: Designing for Expo 2030, World Cup 2034 & Beyond
- Beyond the Masterplan – Designing Developments People Actually Want to Live In
- Bridging Perspectives – Manufacturer & Designer Dialogue
